

Windermere Primary School Newsletter 12th June 2026

A word from the Headteacher

Two weeks into our final half term already and time is certainly whizzing by. We will soon be sending out information about sports day, classes and staffing for September as well as afternoon tea parties. We will be doing some works on the school site over the summer- painting, general DIY and garden work. If you or a family member has skills and time that could help us, we would be grateful to hear from you.

Wishing you all a good weekend.

Sarah Gilliver

Assembly Theme and Value

Our new theme for this half term is **Happiness**. We will be exploring a range of emotions, what happiness is and other words that are associated with happiness. We have begun with thinking about what is going on inside us using Inside Out that help show what these emotions are like. We have thought about what happiness is and Empathy Day. We have celebrated children who can name emotions and feelings, and those who can recognise the emotions of others.

SHINE survey

https://qualtrics.ucl.ac.uk/jfe/form/SV_2awC26pfCgPXU5o This 20–30-minute survey is designed for parents and carers of Reception and Year 6 children. It focuses on their perspectives on children's health and wellbeing and explores their experiences with the National Child Measurement Programme. What We're Asking from You Parents and carers will complete the survey in their own time and on their own devices. Why Participate? The research is commissioned by the Department of Health and Social Care to address concerns around child measurement in schools. By participating, your school has a chance to shape national policy regarding how children's health is monitored across the country. You will also get information about the health and wellbeing of Year 6 and Reception Year children in your local authority area, and nationally. If you have any questions or want a paper version of the survey, contact the study team at shine@ucl.ac.uk

Additional Information

Please see the community activities page on the website under news and events for additional information from Public Health Nursing and other organisations including summer holiday clubs.

9 th July	Transition morning (Y6 to new schools)

Ask Your Child...

This is a way to start to discuss your child's learning. You aren't expected to know the answers but can encourage them to share what they have been learning about.

R- Who lives under the sea?

1/2- What different features did you see in the church?

3- How many parts of a flower can you name?

4- What is a non-unit fraction?

5- Can you name some features of haiku poems?

6- How can you describe a mountain climate zone?
